

**FEDERAL BUSINESS  
OPPORTUNITIES CONFERENCE**  
Puerto Rico Federal Contracting Center

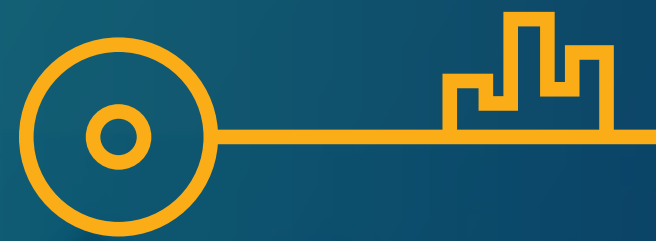

**DEC 5, 2018**

Sheraton Convention Center  
San Juan, Puerto Rico

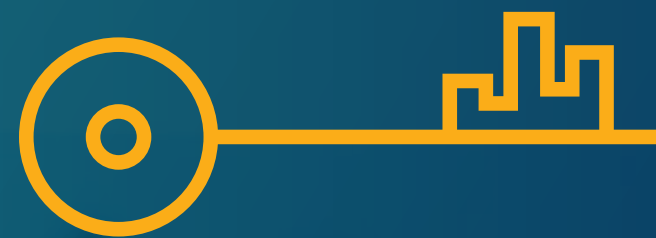

**SPONSORSHIP  
OPPORTUNITIES**

The main objective of the conference is to foster business partnerships between the Federal Government, its prime contractors, and small businesses. Participating firms will have the benefit of marketing their products/services to procurement representatives and small business specialists from government agencies.

The conference also includes educational conference sessions, the latest business forecasts, expert insight on how to market to federal agencies and prime vendors, and ample networking opportunities.

Unlike other events, the Puerto Rico Federal Business Opportunities Conference brings federal agencies and prime vendors directly to the table alongside attendees to generate more candid dialogue and fewer generic presentations. In addition to agency procurement opportunities and overviews, the conference focuses on addressing specific issues facing industry.

The Puerto Rico Federal Contracting Center (FeCC), also known as the Procurement Technical Assistance Center (PTAC), is a division of the Puerto Rico Industrial Development Company (PRIDCO) focused in assisting local businesses to sell their goods and services to the federal government. The FeCC is part of a nationwide network of Procurement Technical Assistance Centers a DoD funded program through cooperative agreements to assist US businesses in pursuing federal procurement opportunities.
